**Listing of Claims**

Claims 1-6 (Article 34 amendments) (Cancelled).

Claim 7 (new):        A vehicle suspension seat arrangement, comprising a seat frame, including a seat base and a seat back, and a support member arranged to be mounted relative to a vehicle proximate the seat back, the seat frame being suspended on and movable relative to the support member and a link means connected between the support member and the seat back, and being arranged to prevent motion of the seat back beyond a predetermined position.

Claim 8 (new):        The vehicle seat arrangement in accordance with claim 7, wherein the link means is a mechanical scissor link.

Claim 9 (new):        The vehicle seat arrangement in accordance with claim 7, wherein the link means includes a recliner mechanism.

Claim 10 (new):       The vehicle seat arrangement in accordance with claim 7, wherein the link means is strong enough to resist motion of the seat frame relative to the support member beyond a predetermined position when a load is applied to the seat back such as may be applied by a seat belt mounting of the seat back in a vehicle accident.

Claim 11 (new):       The vehicle seat arrangement in accordance with claim 7, including an integral seat belt.

Claim 12 (new):       The vehicle seat arrangement in accordance with claim 7, wherein the link means is positioned remote from a pivot connection between the seat back and the seat base.
